#### Take the "A" train - JewelwaxA!

For customers who find our usual Jewelwax (blue) is not as "hard" as the "Revo green wax", we have developed our "Aqua" wax - JewelwaxA. This is "harder" and has a slightly higher melting point than the usual Jewelwax.

All wax profiles can be ordered by inserting an A after the code and costs approximately 5 to 6% more than Jewelwax.

Free samples for testing are available on request.

\* Sizes are nominal and may vary slightly

Prices exclude VAT and delivery

**ORDERS** can be phoned / mailed / faxed / e-mailed  
(see contact details above)

Special size rods, bars and cast items can often be  
manufactured to suit customers requirements. Please  
contact us.

Customers in the euro-zone are welcome to  
pay in euros (at the prevailing exchange rate)  
into our euro bank account. Details will be  
given on ordering.
